+994 51 674 72 85

Results-driven Full Stack Developer with over 7 years of experience designing and delivering scalable, high-performance systems. Proven leader in architecting custom solutions—including full-scale MERN stack platforms and streamlining processes through modern DevOps practices. Adept at optimizing system performance, ensuring robust security measures and driving cross-functional teams toward measurable results.

Experienced in Building: C2C/B2C E-commerce, Lite ERP, CMS, CRM and Reservation Platforms
Natural languages: Russian(C2), English(C1), Turkish(B2), Azerbaijani(B1)

Practical experience with the following technologies in production environments, beyond local testing, while not claiming mastery in every one.
